

Overdrive Servo Piston Kit

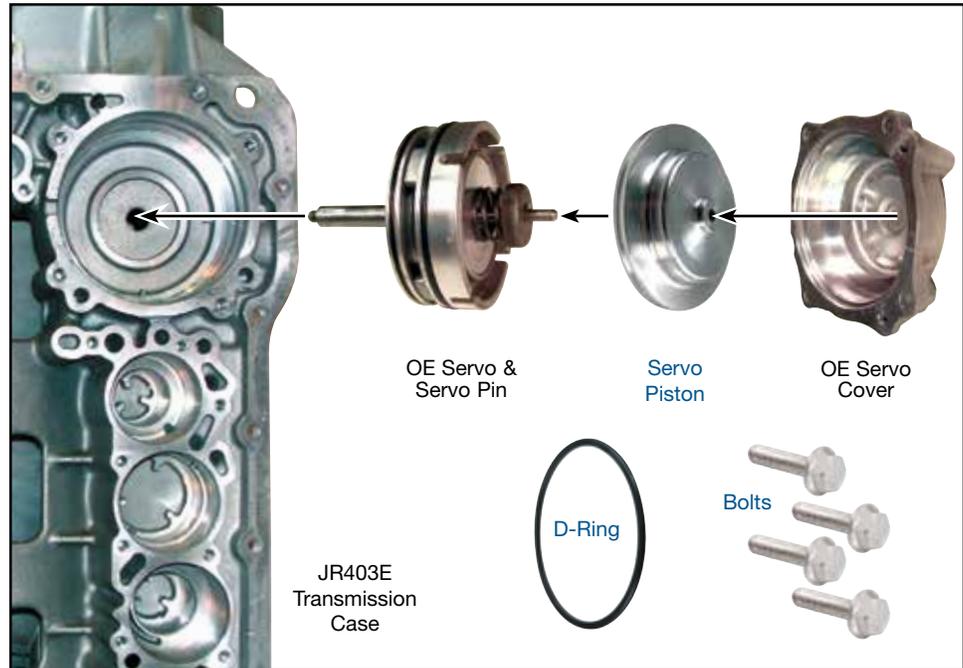

Part No.

62170-01K

- Servo Piston 88mm
- D-Ring
- Bolts (4) 6mm, Hardened

NOTE: Replaces OE 88mm piston. Will also upgrade 75mm piston if used with new piston housing.

Jatco/Nissan JR403E

1. Disassembly

Remove OE cover bolts, cover and 4th servo piston.

2. Installation & Assembly

- Install Sonnax servo piston with seal.
- Torque Sonnax servo cover bolts to 69 in-lb.

NOTE: If using the Sonnax piston to upgrade from the smaller 75mm OE piston, a larger OE housing will be needed. Part number for the 88mm piston housing is GM 97039483 or Isuzu 8-97039-483-0. Servo cover has 88 or 75 on outside of casting.
