This kit should NOT be used with Sonnax oversized pressure regulator valve and spring in Sonnax **59947-12K**.

## Aisin AW 55-50SN, 55-51SN

### 1. Disassembly

**NOTE:** Check step and note the location of OE retainer on OE sleeve end prior to removal.

- Remove all parts in valve bore.
- Discard OE boost sleeve and valve and keep other parts for reuse.

### 2. Installation & Assembly

- Be certain all debris has been removed from the valve bore and valve body.
- Reinstall OE pressure regulator valve and spring.
- Install Sonnax boost valve and sleeve assembly.
- Ensure OE retainer is set at the same step location on Sonnax sleeve as was previously noted.

### 3. Final Testing

Vacuum testing at the port(s) indicated holds the recommended minimum 18 in-Hg.
